CHENEY
NAILER

Unbelievably rugged all steel swivel base vise. Width of jaw $3\frac{1}{2}$ "—opens to 3". Weight of vise 15 lbs. Drop forgings make vise practically indestructible and allow extra wide and deep throat, $2\frac{1}{4}$ " \times $2\frac{1}{4}$ ", for large capacity. Hammering anvil at back of body. Powerful 6 pitch thread screw with long lever for greater leverage, protected by high tensile steel sliding bars. Detachable steel jaw faces, drop forged and rough cut. Swivel base locks tightly at any angle through 180 degrees. Jaws, screw and lever, side nut and lever, highly polished. Front jaw and body painted attractive maroon.

Ask your hardware jobber.
